FATAL FIRE

Ensure proper use and storage of Flammable materials.

A recent facility fire claimed the life of a Soldier. The fire began as a result of a can of flooring adhesive exposed to a heat source and ignited. Unit Soldiers were using the adhesive to install floor linoleum within the Kitchen area of a structure.

Unattended Fluorescent Light Fixtures cause a significant amount of damage.

Ensure lights are turned off when personnel are not in the room.

Report all light problems to the appropriate authorities.

Leaving your HVAC heat on while not in your work space or CHU. You might come back to find it warmer than planned.

Turn your CHU and Work Space HVAC off when not occupied during the day or night.
